

Dear Team Captain-

Thank you for committing to a great cause, the Mercer Island Rotary Half Marathon on March 21, 2010. Rotary is teaming up with Washington Colon Cancer STARS to fight against colon cancer. The funds raised by your team will go towards eradicating colon cancer, a 90% preventable disease. Forming a team is a great way to have some fun, show support for the cause and get the word out to family and friends about the marathon.

Enclosed in this packet you will find:

- Fundraising tips to reach your goal
- Fundraising timeline
- Event details

Each individual who raises \$100 will receive an official logo'd event running hat! Top fundraising teams who raise the most money will receive on-site hospitality on Race Day. There are lots of other great team prizes – please visit the event website for more information.

Teams small and large make a difference. Again we want to thank you for showing your support by signing up as a team captain. We are here to help you with your fundraising efforts.

Sincerely,

Elizabeth Baska  
Mercer Island Rotary
